Brigade Avalon

Brigade Avalon is an ultra-luxury residential project by Brigade Group, positioned on Whitefield Main Road — directly opposite Sobha Rose and adjacent to the Hindustan Unilever Research Centre — in the heart of Bangalore's most sought-after address for IT professionals and premium homebuyers.

Brigade Avalon Master Plan

The **Brigade Avalon Master Plan** is thoughtfully conceived to create a sense of openness, privacy, and effortless movement throughout the community. Spread across approximately 4.35 acres, the development features a limited collection of residences arranged across three towers. Landscaped surroundings, carefully planned open spaces, elegant arrival areas, and dedicated recreational zones create a harmonious setting where architecture and nature complement one another. The low-density planning gives residents more breathing room and a greater sense of exclusivity—an increasingly valuable quality in the rapidly evolving Whitefield real estate landscape.
